Inside Children's Ministry — February 2018

Hello and welcome to *Inside Children's Ministry*. This month, the children's ministry is starting to introduce new ways for the children to learn about living generous lives. Living generously goes beyond giving of our tithes and offerings. The Sunday School, JAM Jr., and JAM areas will receive a **Generous Bucket** that will be used each week as a way to teach the children that we offer God our best every day.

Each week, the children will learn that giving to God is more than just giving a weekly tithe. It is also a reflection of their hearts. Our prayer through the **Generous Buckets** is that children will grow in giving thanks to God for all that He has given them.

This month, children will put cards of intention inside the **Generous Buckets** 1.) to help someone at school 2.) make a get-well card, or 3.) draw a picture for someone who is sick (and other ideas the children may have). We give our best to God when we submit our whole lives to Him. The **Generous Buckets** are in addition to our weekly tithes and offerings to God.

Please stay tuned for upcoming family service projects to allow the Holy Spirit to work through us in the community and around the world!

**Blessings,
Katie Shields**

Volunteer of the Month

Nursery Volunteer, Carolyn Jacobson

Why are nursery children important to the church?

“Our nursery children are important to the church because they are the future of the church. It is important for children to learn early about Jesus and His love for them. We who volunteer in the nursery are able to pass on Jesus’ love to them through the love we give to the nursery children.”

How has serving nursery children impacted your life?

“Blessed beyond words.”

Carolyn Jacobson

How long have you been serving nursery children?

“Around 10 years - off and on.”
